Mapped provider geometry was clipped to the property assessment area and restyled for this report.

Auckland Council stormwater is indicative only and supplied without accuracy or fitness warranty. Independently verify onsite before design or works. Not for legal disputes. No Auckland Council endorsement is implied.

Mapped property evidence

Saved mapped geometry and evidence only. Missing or unavailable evidence is not treated as clear.

Mapped provider geometry was clipped to the property assessment area and restyled for this report.

Auckland Council stormwater is indicative only and supplied without accuracy or fitness warranty. Independently verify onsite before design or works. Not for legal disputes. No Auckland Council endorsement is implied.

Not reproduced in this report: Contours 2016, Wastewater Pipes, Water Pipes. These live reference layers remain excluded until report reuse is cleared.

Feasibility category status

Category	Status	Score	Rationale
available space	unknown	— / 25	Not evaluated in this test fixture.
underground services	unknown	— / 20	Not evaluated in this test fixture.
flooding and drainage	unknown	— / 20	Not evaluated in this test fixture.
terrain and slope	unknown	— / 15	Not evaluated in this test fixture.
planning constraints	unknown	— / 10	Not evaluated in this test fixture.
construction access	unknown	— / 10	Not evaluated in this test fixture.

What needs attention next

Warnings and material risks

Pool placement needs checking

Some mapped evidence is unavailable or uncertain.

No additional material risk was recorded.

Recommendations

1. Main recommendation

Confirm the mapped evidence.

Prioritised actions

No additional action was recorded.

Missing information

- No additional missing-information item was recorded.

Official layer status

Layer	Provider	Status	Confidence
Contours 2016	Auckland Council	returned	limited
Stormwater Pipe	Auckland Council	returned	limited
Wastewater Pipes	Watercare	internal reference only	limited
Water Pipes	Watercare	internal reference only	limited
Electricity Distribution Feeder Network	Vector	empty	limited
Gas Distribution Network	Vector	unavailable	unavailable
